This is a summary of how our school delivers music education to all pupils and how we continue to develop our music provision.

Curriculum music

Music is taught as part of the school curriculum and provides pupils with opportunities to sing, listen, play, perform and compose. Teaching is progressive and inclusive, enabling all pupils to develop musical knowledge and skills.

Co-curricular music

Pupils have opportunities to take part in musical activities beyond the classroom, which may include singing, clubs or instrumental opportunities where available.

Musical experiences

Pupils are given opportunities to experience music in a range of ways, such as singing in assemblies, performances or special events.

Our music provision is supported by partnerships with external organisations and is kept under regular review.
